RECORD VOTES

FULL COMMITTEE

Measure or Matter: **H.R. 418**
Motion By: Mrs. Slaughter
Motion or Amendment: To make in order and provide the appropriate waivers for the amendment offered by Representative Nancy Johnson of Connecticut, which closes the loopholes in the H-1B and L-1 visa programs. The amendment requires companies to seek to hire qualified Americans before beginning the search for a single H-1B worker. The amendment applies several of the protections in the H-1B program to the L-1 visa program, which was created to enable multinational corporations to bring in key foreign employees to work in the United States for up to seven years, including the payment of prevailing wage and restrictions on replacing American workers with L-1 visa holders. Also, the amendment cuts the maximum length of stay by a L-1 visa holder by two years (i.e. from seven years to five years) for executives and managers and from five years to three years for workers with specialized knowledge.

It ensures that the antitrust laws apply to medical malpractice insurers, price comparisons can be easily obtained, and procedural checks are in place to ensure that premium increases are warranted and can be challenged by health care providers. Responds to concerns that medical malpractice is not available in certain parts of the country and creates an Independent Advisory Commission on Medical Malpractice Insurance to evaluate the cause of the recent premium increase. Finally, the amendment authorizes the Department of Health and Human Services to collect the data necessary to examine the medical malpractice insurance industry.

Measure or Matter: **H.R. 2830**
Motion By: Mrs. Slaughter
Motion or Amendment: To make in order and provide the appropriate waivers to the amendment offered by Representative George Miller of California which permits employers to value their pension liabilities by using the corporate bond interest rate in 2007 and 2008 and then returning to use of the 30-year Treasury bond interest rate. Requires companies to seek alternatives to termination before a pension plan could be terminated, permits the parties to restore a plan up to three years after a termination, and does not punish workers for employer funding decisions. The provisions would apply to companies still in bankruptcy, including United Airlines. Permits struggling airlines to freeze their pension plans and

gives them up to 20 years to meet their pension obligations. Permits airline pilots who must retire at age 60 to receive unreduced PBGC pensions if their plan is terminated. Permits the United Airline employees to demand proof in bankruptcy that their pension plans cannot be maintained. Enables multiemployer pension plans to reorganize and agree to long term funding improvement plans to protect workers' pensions. Exempts military employees from being subject to withdrawal penalties if they need early access to their retirement funds and includes combat pay for purposes of IRA eligibility. Permits public safety officers to roll over lump sum distributions exempt from current law penalties. Permits disabled individuals to establish deductible IRAs to save for their retirement. Ensures that workers and executives equally be affected by pension benefit cuts. Encourages employers to automatically enroll their employees in the company 401(k) plans and expands the SAVER retirement savings tax credit for low and moderate savers. Imposes a surcharge on taxpayers earning over \$1 million a year.
